AN ACT to extend to certain public officers, the application of the Social Security Scheme and to provide for related matters.

1. Extension of Social Security Scheme to public officers

Subject to the provisions of this Act, unless expressly exempted by or under an enactment relating to social security or pensions, and in force after the commencement of this Act, the persons in the public service or Police Force on or after the first day of January, 1972 shall be deemed to be members of the Social Security Fund in respect of the service rendered by them on or after that date in the public service or Police Force.²

1. This Act was issued as the Pensions and Social Security (Amendment) Decree, 1975, (S.M.C.D. 8) made on the 23rd day of December, 1975 and notified in the *Gazette* on 31st December, 1975.
2. The Police Force is now the Police Service under article 190 of the Constitution.

2. Restriction of law relating to pensions

Subject to the provisions of this Act, the service of a person in the public service or Police Force on or after the first day of January, 1972, is not pensionable service for the purpose of a law relating to pensions and accordingly, that law shall, subject to this Act, be deemed to have ceased to apply to that person in respect of service on or after that date.

3. Removal of doubts

It is hereby declared that the persons first employed in the public service or Police Force on or after the first day of January, 1972 shall, unless otherwise exempted under an enactment relating to social security or pensions and in force after the commencement of this Act be deemed to be, from the date of that employment, members of the Social Security Fund and, accordingly, a law relating to pensions shall not apply to service rendered by them in the public service or Police Force.

4. Option for pension or social security

(1) Despite anything to the contrary in any other enactment, a person who on the first day of January, 1972 became a member of the Social Security Fund and who immediately before that date held a pensionable office in the public service or Police Force, shall be given twelve months within which to opt

- (a) to have the eligibility for, and the amount of the pension of that person to be determined, in accordance with the law relating to pensions and applicable immediately before that date, that is, as from time to time amended, or
- (b) to continue to be a member of the Social Security Fund.

(2) An option exercised under subsection (1) once exercised is not revocable.

(3) A person who exercises the option in the manner specified under subsection (1) (a) shall be deemed never to have been a member of the Social Security Fund and accordingly, the law relating to pensions applicable to that person on the 31st day of December, 1971 shall, subject to any amendments other than by the Social Security (Application to Public Servants) Decree, 1973 (N.R.C.D. 190) be deemed to have continued to apply in respect of service rendered by that person in the public service or Police Force after that date.

(4) Where a person opts in the manner specified in subsection (1) (b) then the law relating to pensions applicable on the 31st day of December, 1971 as subsequently amended, shall apply to the service in the public service or Police Force of that person before the first day of January, 1972 as if a minimum period of qualifying service and confirmation in office of that person for the grant of the pension were not required and, without prejudice to this section, regulation 4 of the Schedule to the Pensions Act, 1950 and regulation 4 of the First Schedule to the Teachers' Pensions Act, 1955 (No. 23 of 1955) shall be deemed to be amended accordingly.

4A. Public officers who retired between 1972 and 1975

(1) Despite anything to the contrary, a person whose service from the 1st day of January, 1972 up to the date of retirement from the public service or the Police Force

would have been pensionable but for the Social Security (Application to Public Servants) Decree, 1973 (N.R.C.D. 190) shall be deemed to have exercised an option in the manner specified in subsection (1) (a) of section 4.

(2) The gratuity and pension of that person shall be calculated on the basis of the final pensionable emoluments drawn by that person on the date of retirement, and on the pension constant applicable at the time of retirement.

(3) The social security benefits drawn by that person shall be deducted from the re-computed award.³

5. Failure to exercise option

(1) Where a person to whom section 4 of this Act applies fails for a reason to exercise the option conferred within the twelve-month period allowed under that section, then unless the President otherwise directs, that person shall be deemed to have exercised an option in the manner specified in subsection (1) (b) of that section.

(2) Where a person to whom section 4A applies has died without exercising an option under section 4 that person shall be deemed to have exercised an option in the manner specified in subsection (1) (a) of section 4.⁴

6. Contribution towards pension

(1) Despite anything to the contrary, a person to whom subsection (3) of section 4 applies shall continue to contribute towards pension an amount equal to five percent of that person's salary and the amount shall be deducted monthly at source and the employer shall also continue the contribution of twelve and a half per cent as before the commencement of this Act and the Social Security and National Insurance Trust shall hold the employee's and employer's contributions under this section on the terms directed by the Government.

(2) The contributions made to the Social Security Fund by that officer before the option takes effect shall be deemed to be contributions towards the pension of that officer.

7. Salary calculation of pension or gratuity

(1) Subject to this section, the final annual emoluments within the meaning of the law relating to pensions applicable and enjoyed by a person at the date of retirement shall be the emoluments on the basis of which the pension shall be calculated.

(2) Where a person exercises or is deemed to have exercised an option in the manner specified in subsection (1) (b) of section 4, the pension in respect of a period falling before the 1st day of January, 1972 shall be calculated on the basis of the approved annual pensionable emoluments attached at the time of the retirement to the post held on the 31st day of December, 1971 within the meaning of the law relating to pensions applicable to his post.

3. Section 4A inserted by section 1 (6) of the Pensions and Social Security (Amendment) Decree, 1978 (S.M.C.D. 178).

4. Substituted by section 1 (b) of the Pensions and Social Security (Amended) Decree, 1978 (S.M.C.D. 178).

(3) In the case of a person who retires from the public service or the Police Force on or after the first day of January, 1976, where that person has been allowed, whether before or after that date, to transfer from the public service or the Police Force in respect of which the pension falls to be calculated to other employment, service in relation to which is not permitted to be taken into account for the calculation of the pension under the law relating to pensions under which the pension is to be calculated, the pensionable emoluments to be used in calculating the pension of that person shall be the approved annual pensionable emoluments within the meaning of the applicable law, at the time of retirement, to the post held by that person immediately before that transfer.
