(2) The validity of an order made under section 3 or a certificate of approval, or of any entitlement thereunder, is not affected if, at any time subsequent to the making of the order or the granting of the certificate or entitlement, it is determined that the tax expenditure arising from any such entitlement resulted in the estimated aggregate tax expenditure for the base year or any other financial year exceeding the specified limit.

Amendment of certificate.

9.—(1) If the Minister, after consultation with the Commissioner General, is satisfied that an approved participant has knowingly contravened, or failed to comply with, any term or condition applicable to that participant under a certificate of approval, the Minister may cancel the certificate of approval.

Cancellation of certificate of approval.

(2) Before taking action under subsection (2), the Minister shall give to the approved participant an opportunity to explain the circumstances of the contravention or failure.

(3) The cancellation of a certificate pursuant to subsection (1) in respect of any participant shall not affect any entitlement to specified incentives that may have accrued, in relation to that participant prior to the cancellation.
