Inter-pretation.

“specified land” means any real property (whether already brought under the Registration of Titles Act or not) in the project area.

Exemption from approvals, consents, transfer tax, stamp duties and fees.

5. Notwithstanding anything contained in any other enactment, where any specified land is being registered or transferred—

- (a) if the laying out or subdivision of that land is necessary for that registration or transfer, the Minister may—
 - (i) by order declare that the Local Improvements Act, the Natural Resources Conservation Authority Act and the Town and Country Planning Act shall not apply in relation to that registration or transfer; and
 - (ii) impose a covenant on any title issued binding the land owner, his heirs, successors and assignees to contribute to the incremental development of infrastructure to the standard approved by all relevant agencies and authorities;

- (b) if that land comprises or is included in an agricultural unit within the meaning of the Land Development and Utilization Act, the Minister may by order declare that the approval of the Commission under section 20 of that Act need not be obtained for that registration or transfer;
- (c) the transfer, if not for monetary consideration, shall be exempt from any tax imposed by the Transfer Tax Act;
- (d) any contract or agreement to transfer that land not for monetary consideration, and any instrument necessary for the transfer, shall be exempt from the payment of any stamp duties, registration or recording fees which, but for this section, would have been payable on that contract, agreement or instrument;
- (e) if that land is passing on the death of an individual, that transfer shall be exempt from any tax imposed by the Transfer Tax Act;
